

Trump National Doral
MIAMI

I am very proud to introduce the brand-new Trump National Doral Miami. In June 2012, I purchased this iconic property with the goal of creating the greatest golf resort in the United States. Backed by our commitment of over \$250 million, the results of this amazing transformation are noticeable from the moment you arrive on this magnificent 800-acre resort.

We have totally redesigned every aspect of the resort, bringing Trump National Doral up to the highest standards and levels of luxury. In addition to the enhancements made to the physical structures, we have invested a tremendous amount of time, effort and money in putting the very best team in place, resulting in a simply wonderful and memorable experience for you and yours.

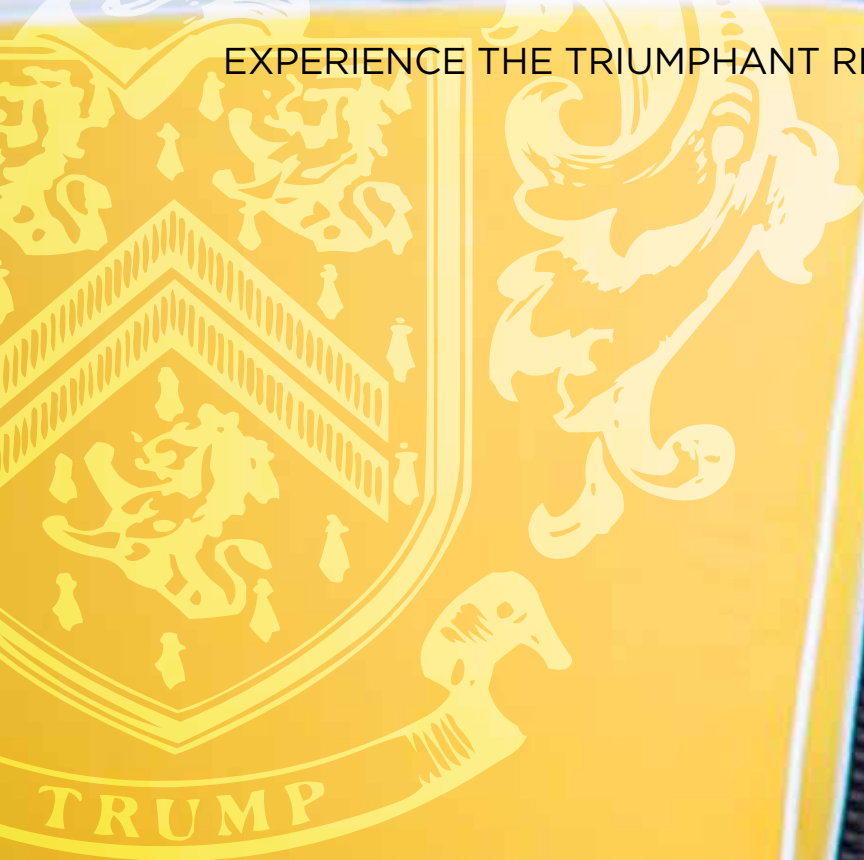

We look forward to welcoming you to Trump National Doral.

EXPERIENCE THE TRIUMPHANT RETURN OF AN ICON.

There are some things you simply can't overdo. For example, our 643 all-new deluxe rooms and suites, featuring classic gold-leaf Spanish Revival sophistication and luxurious Trump Hotel Collection bedding and bath amenities. No detail has been overlooked, as each room features a spacious marble bathroom and a private balcony or lanai with golf or garden views. Every detail is custom designed to create a relaxing and indulging experience.

At Trump National Doral, we believe in personalized attention without intrusion. Our Trump signature amenities and service are designed to provide exclusivity through individuality. Our concierge team is dedicated to helping you create the perfect stay – from tee times and pampering spa treatments to one-of-a-kind experiences. If you can dream it, we can do it.

Our restaurants and bars are destinations in their own right. You'll find handcrafted cocktails and eclectic cuisine for every mood and taste. With the finest dry-aged steaks, fresh seafood and panoramic views of the Blue Monster, BLT Prime has quickly become one of Miami's favorite places to see and be seen. Whether you're looking for a pre-round meal or a 19th-hole cocktail to celebrate your day, Champion's Bar & Grill uses fresh local ingredients to create exceptional upscale American fare. Savor it all from the outdoor patio while enjoying Miami's tropical weather or simply relax at our classic American grill.

Some would be satisfied with a legendary course such as the Blue Monster. But to Donald Trump, nothing less than the best will ever be acceptable. So he didn't just renovate it - he reimagined it. He challenged renowned golf course architect Gil Hanse to spare no expense in creating a new legend. And together, that is just what they have done. But they didn't stop there. The Red Tiger, Golden Palm and Silver Fox courses have also been transformed under the unwavering Trump standard of excellence. The country's preeminent golf resort is now worthy of the Trump name.
